"The Republican party pledged itself that it would maintain the gold standard and it has made the promise law. Under it we have more money and a better monetary system than ever since the Republic began. Does anyone regret his vote for William McKinley in 1896 or 1900? Does he regret his vote for the protective tariff or for the inflexible maintenance or the gold standard? I dare say there is not one in all the ample limits of the state of Kansas who this day would recall his votes of four and eight years ago, if he possibly could. The oil used comes from Beaumont, Tex., and is of a milder quality than the Kanas product, hence it is not so injurious to the outer skin of the cow. It now develops that several different pastures, lying adjacent to the city, contain infected animals. This was brought about by changing stock from one pasture to another. It is estimated that 100 animals of the bovine species are carrying those dread Texas fever ticks. This does not necessarily mean that all these animals will be affected with the disease, for the reason that dipping in petroleum will in most cases act as a preventive. Dr. Hiatt, the government inspector, has received a quantity of the Beaumont oil and is now dipping cattle and is prepared to dip animals that are not affected, as a precautionary measure.

All night last night the people of Marion carried on the preparations for the visitors. During the night houses and stores were decorated and cooks were busy preparing hunches for their crowds. Early in the morning the sky was threatening and the indication of rain increased but there was no stopping the work of getting ready. Many anxious people guessed at the probability of rain and consulted the local goose bone prophets who announced that the more wind the less chances of rain and every one hoped for a hurricane.

thousands of dozens of sandwiches and hundreds of gallons of ice cream have been provided for the visitors. The drinks will be lemonade and pop and a carload of red, white and blue pop is looked upon only as a starter, for Marion has at least 16,000 visitors and everyone is thirsty. At Central park an immense basket lunch was served at moon by the citizens of Marion and the country people who brought their lunch baskets.

The regular trains to Marion today all carried exta coaches and in addition there were special trains from Ellinwood branch of the Santa Fe which also brought the Lindsborg contingent. Another special was from Arkansas City and El Dorado and Florence. Other special trains were from Wichita, but it is not large enough to accommodate half the visitors who were in town by six o'clock this morning, not to speak of the thousands who came later.

Marion, Kas., Sept. 1.—Today is the greatest in the history of Marion county and the most important in the life of E. W. Hoch in Marion county since he came here over thirty years ago. The most pleased man, in a quiet way, is Mr. Hoch, and next to him the happiest man is Dan Lindsay, the foreman of the Marion Record office

Senator Fairbanks, who was the first speaker, spoke as follows;

"Mr. Chairman and Fellow Citizens: It is manifest from this gathering that Kansas is prepared to do her duty; that she is opposed to entering upon Democratic experiments which have hitherto proved so disastrous not only to Kansas but to the entire country. "They questions before us have an important bearing upon our future commercial and industrial welfare. They concern not only the centers of industry but the sections of our country devoted to agriculture as well.
